

# Youth Advisory Group

An opportunity for Scotland's young people to redefine how rural education is delivered

## What will the Youth Advisory Group do?

Working together the group will identify barriers and solutions to young people learning about Scotland's countryside. The group will report their findings to the CLS-Board of Trustees. As the capability of the group increases, the group will be supported in designing projects and sourcing funding to deliver the solutions they identify.

## Join the Youth Advisory Group

If you are aged 15 to 19 years of age and could commit to 5 days (mainly Saturdays) working time. Please use the link below to apply. The group will mainly work online with a face to face meeting in March 2021.
