

Herd Manager

Our Business & Farm, **Farming Partners** began 13 years ago and gives landowners and career farmers the Freedom to Farm by bringing them together to run high performing Grassland Dairy Farms focusing on Our Cows, Our People & Our Grass.

We have an excellent track record developing and progressing team members from all levels including students on placement to running their own business while owning a share of the farm business. Due to a new farm joining and progression for current team members we have an opportunity for a Herd Manager/2IC to join our team. This position is on one of our dairy units near Dumfries consisting of 650 Fr/Jersey Cross milked on a herringbone parlor. Youngstock reared on farm.

Your Role

As the Herd Manager, you will be responsible for working with the farm manager to ensure animal health and welfare is at its best, achieving key kpi's, looking after the team and stakeholders, being a decision maker in relation to grassland management

Your Requirements:

The successful candidate will:

- A full UK Driving license.
- Proof of UK right to work
- Foot trimming qualification

For you;

- We offer a strong package agreed on experience
- Accommodation
- Tailored training programme
- Beautiful area to live with hiking/mounding bike/laes and excellent school network
