

Group Trip Financial Summary

Our Group Travel trips are package trips through G Adventures (GA).

If you are selected onto a trip, SAYFC will provide you with a payment plan to meet the cost of flights, transfers and the package cost.

To secure your place on the trip after selection, you will need to pay a deposit to SAYFC. The deposit required depends on the total cost of the trip but will likely be around £400-£800. The deposit will be deducted from the total cost payable.

The International Travel Committee have prepared as much information as we can regarding the cost of these trips to allow you to understand at the pre-application stage what price bracket these trips will fall into.

Please note however the flight costs listed are based on the information available at the time of opening for applications and cannot be fully confirmed until bookings are made once the group is confirmed. Therefore prices may fluctuate and no guarantee can be offered by SAYFC of how much the flights will cost.

On these group trips, your group leader will generally ask for a tipping donation from all members of the group and use this to create a fund in which to tip service providers throughout the trip. There is also a donation made to your personal tour guide at the end of the trip on behalf of the group. We have tried to estimate as best we can what the suggested donation will be to aid you in budgeting ahead of your trip.

Travel insurance and the cost of any vaccinations and visas required will be additional to all these costs and it is the responsibility of individual members to book/arrange these.

Spending money has not been included in any of the below costings as it will depend significantly on the individual.
