

SUMMER JOB OPPORTUNITY

(The Buffalo Farm))

Are you an agricultural student, Young Farmer, or someone with a genuine passion for livestock and people?

We're looking for an enthusiastic individual to join our events team from late June until mid-August to help deliver the unique hands-on animal experiences that have become a huge part of what The Buffalo Farm is all about.

Over the past few years, we've built a fantastic reputation for creating unforgettable experiences for families. From calf feeding and grooming our incredibly docile Highland cattle, buffalo and pygmy goats, to introducing children to farm life for the very first time, no two days are ever the same. This role is about bringing your livestock knowledge and enthusiasm to complement our existing team during our busiest period. You'll work alongside our experienced events staff, helping to ensure the highest standards of animal welfare, public safety and customer experience.

What you'll be doing:

- Supporting and delivering our animal experiences and events
- Sharing your knowledge and passion for livestock with visitors, particularly children
- Helping less experienced team members build confidence working around animals
- Ensuring interactions between animals and the public are safe, enjoyable and educational
- Maintaining event areas to a high standard, ensuring they are clean, tidy and safe at all times
- Bringing a positive attitude, attention to detail and a willingness to get stuck in wherever needed

We'd love to hear from you if you:

- ✓ Have a strong agricultural background or are studying agriculture, animal science or a related subject
- ✓ Have a genuine interest in livestock and animal welfare
- ✓ Enjoy working with people and are confident speaking to the public
- ✓ Love encouraging and inspiring children
- ✓ Have experience handling livestock (experience taking animals to shows would be a huge bonus!)
- ✓ Have a can-do attitude and enjoy being part of a team

Why join us?

This is a fantastic opportunity to gain experience that will really stand out on your CV. You'll develop skills in livestock handling, public engagement, events and visitor experiences that are difficult to find anywhere else.
